## **Stromboli** (strōm' bō-lē)

A classic Italian-American stuffed turnover sandwich created with either Italian bread or pizza dough and typically filled with mozzarella, Italian meats, and vegetables, rolled into a cylindrical shape and baked. ## **7 Fun Pizza Facts**

### **"Pizza".**

If you're like us, the very sound of the word brings a smile to your face. It's one of the most popular foods all across America, and why not? It's great to be able to have a steaming hot [pizza delivered](#) when you're in a hurry. We also love sitting down and taking our time over a savory pie with family and friends. While we're on the subject, here is a list of our favorite 10 fun pizza facts we've compiled for you.

## **1. THE BULLET PROOF VEST**

Did you know that the creator of the bullet-proof vest was a [pizza delivery](#) man? Richard Davis, a Detroit pizza delivery man held up at gunpoint in 1969 created the first prototype out of a roll of nylon and the straps from his car's seatbelt! He went around to police stations shooting himself in the chest to demonstrate its power. Later, Davis created a second vest design using Kevlar, which is 230% stronger than nylon!

## **2. NATIONAL PIZZA MONTH**

October has been officially designated National Pizza Month in the United States since 1987.

## **3. THE 1ST PIZZA PARLOR**

Antica Pizzeria is the world's first known pizzeria, opening in Naples, Italy, in 1738.

## **4. THE NUMBERS**

Percent of Americans eat pizza regularly: 94%.

## **5. MOST POPULAR TOPPING**

More than a third of all pizzas contain pepperoni, at 36%. Americans enjoy more than 251,770,000 pounds of pepperoni each year.

## **6. FOREIGN FAVORITES**

Many other cultures love pizza as well, although their toppings preferences are sometimes quite different. For example, Japan favors squid and Mayo Jaga (a mixture of

mayonnaise, potato and bacon) atop their glorious pies.

## 7. THAT'S A LOTTA PIE!

How much pizza would you guess Americans consume per day? The answer is stunning: more than 100 acres of pizza, which is equal to about 350 slices each second. We love it!
